**Notes:** After a 2 year outdoor picnic event, the annual dinner dance is returning this year at the ShipWrex Bar near Mound Lake. It is a little smaller venue then we are used to, however they could make the date work for LBLIA. They will be closing their dinner business to the public that evening to accommodate us. They also offered to donate music for the evening as well as special drink pricing. We'll be selling drink tickets at the registration table. The featured guest, Bobby Jensen, was something that just happened. He is excited about spending a weekend at Little Birch and should generate some enthusiasm & fun while raising some money for a good cause. So track down your neighbor, LB friends and plan on attending!
